

## SINK CARE

---

# INSET APRON FRONT PANELS

---

Gentle soap and water will clean all decorative panels.

No abrasives or harsh chemicals should be used.

### STONE PANELS

---

A stone sealer is applied to marble decorative panels.

It is important that a stone sealer be re-applied once or twice a year to maintain it.

Stone sealer can be purchased in small quantities at your local hardware or home improvement store or through an online retailer.
